

## Message From the Mayor:

Spring is here and it's time to get outside and enjoy the warmer weather. I've been enjoying my walks around town and getting to see everyone to catch up on what's going on with each of you.

Words can't describe how great it has been to serve our town. I'm thankful for old friends and for the new friends I've met. Together, I am confident that we will continue to build a better and brighter Stoneville. The past 3 years working and growing alongside you have been such a pleasure.

We have events scheduled here in town. Cruise-In, food trucks, Easter Egg Hunt at Stoneville Park, Senior Breakfast, and a couple of other events we are working on. If you see me, please stop and say hello!

May God continue to bless each of you!

**Mayor Kathy Stanley-Galvan**

## Message from the Town Manager, Perry Webster:

We are grateful and blessed to have survived the bitter cold of winter and are now experiencing the beauty of Spring. We have tipped the balance from longer nights to longer days. Days that we recover from the many hours spent indoors and begin to get out and enjoy all the comforts that the beauty of the season provides. We are hoping that along with the change of seasons, we can observe some positive changes in our community. We are working to provide our citizens and visitors of all ages the opportunity to enjoy our renovated park, new sporting events, and new businesses.

In this edition of our newsletter, we will attempt to answer many questions and/or clear up any misconception in reference to issues we have been faced with in the past. However, if you have any questions or concerns, please don't hesitate to call Town Hall and we will attempt to address all questions and concerns. If you have any ideas or recommendations that you feel will help us become a better community, please let us hear from you! We feel that a community that works together will ultimately become a better community. Please let us work together and have a wonderful, safe Spring and Summer season.
