New Business:

COPS Grant: Town Manager Gamble presented a financial projection for the General Fund in FY20-21 to determine what revenues would be needed if the COPS grant was awarded. The COPS grant is a three year federal grant that would pay 75% of the cost for a 5th officer position not to exceed a total of \$125,000. Gamble explained that the Town must commit to funding the position in year four and this commitment has to be made when the grant application is submitted on or before July 10, 2017. FY 20-21 is the first year that the Town would be responsible for the full cost of the new position (\$53,410). Gamble estimated that the Town would either have to raise taxes 4.4¢ or experience a \$3.9 million increase in the overall property valuation in Stoneville to fully cover the cost of the new position. This projection did not include the Town's Law Enforcement Officer Separation allowance obligation, which is currently estimated at \$12,240 annually. Police Chief Moore addressed the Council regarding the importance of adding a 5th officer as well as adding part-time help. After much discussion, Councilman Smith made the motion to move forward with the grant application. Mayor Pro-tem Hundley seconded. Motion carried. Councilman Farris left at 6:30 p.m., prior to the motion and vote. Copy incorporated into the minutes.
